

Fluffy Warm Cowls!

Handknit:

You need:

Lana Grossa „Fumato“, the colour you like most
Circular needle, 7, 8 or 9 mm, as you like

CO 80 sts in the rnd very loosely, knit in the rnd until yarn is nearly over, BO very loosely.

Done!

Machineknit:

I knitted on my brother KH 230 with ribber KR 230 with tension 9.
You may also choose tension 8 or 10, as you like

You need:

Lana Grossa „Fumato“, the colour you like most

Put 40 ndls in WP on the BB and 40 ndls on the FB. Half pitch position. With wasteyarn CO as if you want to knit a border with all ndls. Then start knitting in the round and k some more rnds, still with wasteyarn.

K 1 rnd with a nylonthread.

Start knitting with „Fumato“, leaving a long tail for BO later the open sts of the beginning.

K in the rnd until yarn is nearly over, k some rnds with WY and drop all sts.

Take a fitting circularneedle, take the last Fumato-sts and BO very loosely, removing WY.

Now take the Fumato-sts from the beginning, pull off the Nylonthread and BO these sts also very loosely.

Sew up both ends and you are done! Enjoy your new Fluffy Warm Cowl!

If one finds a mistake, please contact me! It's my first try of a pattern...
